#### **Projects**

## $Project \ 1 \ | \ Smash \ the \ Hunger - Partnership \ Webpage$

Role: Front-end Developer | Duration: Oct 2024 – Dec 2024 ( $\approx$  3 months) | Team Size: 3 Tech: HTML, CSS, JavaScript

- Designed & developed a responsive partnership webpage for a social initiative that fights hunger and promotes food security.
- Crafted a clean, user-friendly layout to attract potential partners.
- Ensured an appealing design for clear communication of the initiative's goals.
- Added basic JavaScript interactivity to boost user experience.

#### **Project 2** | Personal Portfolio Website

Role: Solo Developer | Duration: Sep 2024 – Nov 2024 (≈ 2 months) Tech: HTML, CSS, JavaScript

- Built a dynamic portfolio site to showcase projects, skills, and achievements.
- Developed a responsive, visually engaging design for personal/professional info.
- Implemented JavaScript-based interactive elements for higher engagement.
- Ensured cross-browser compatibility and performance optimization.

#### **Extracurricular Activities**

• KIET Innovation Centre (Design Rush 2.0)

- Oct-2024
- Participated in workshop on Capacity Building and Development for universal acceptance.
- Data Structures & Algorithms (DSA) Intensive Workshop KIET Group of Institutions
